Blyde Adventure Camp Company Introduction.

Blyde Adventure Camp was established in 2007 on the remaining portion of the farm Chester. Located in the Northern Drakensburg foothills just below the Blyde River Canyon near the town of Hoedspruit.

The camp is on a working citrus and mango farm next to the Blyde River. The farm is part of the Molotele Community CPA property portfolio. Blyde Adventure Camp is an equal share partnership company with the Molotele CPA.

The Blyde Adventure Camp hosts tours for large groups including schools, youth groups, NPO's etc. We provide meals, accommodation and activities for our guests. We can accommodate 280+ guests in dormitories and 18 guests in shared double rooms. Our main client base covers groups from South Africa (Gauteng, Limpopo, Mpumalanga, Western Cape) and our regular international clients are mostly from the United Kingdom, Germany, North America and Swaziland.

The camp has over the last several years had an average of roughly 4500 guests per year, this equates to between 85-110 tour groups a year.

Please do not hesitate to contact me if you have any further questions.

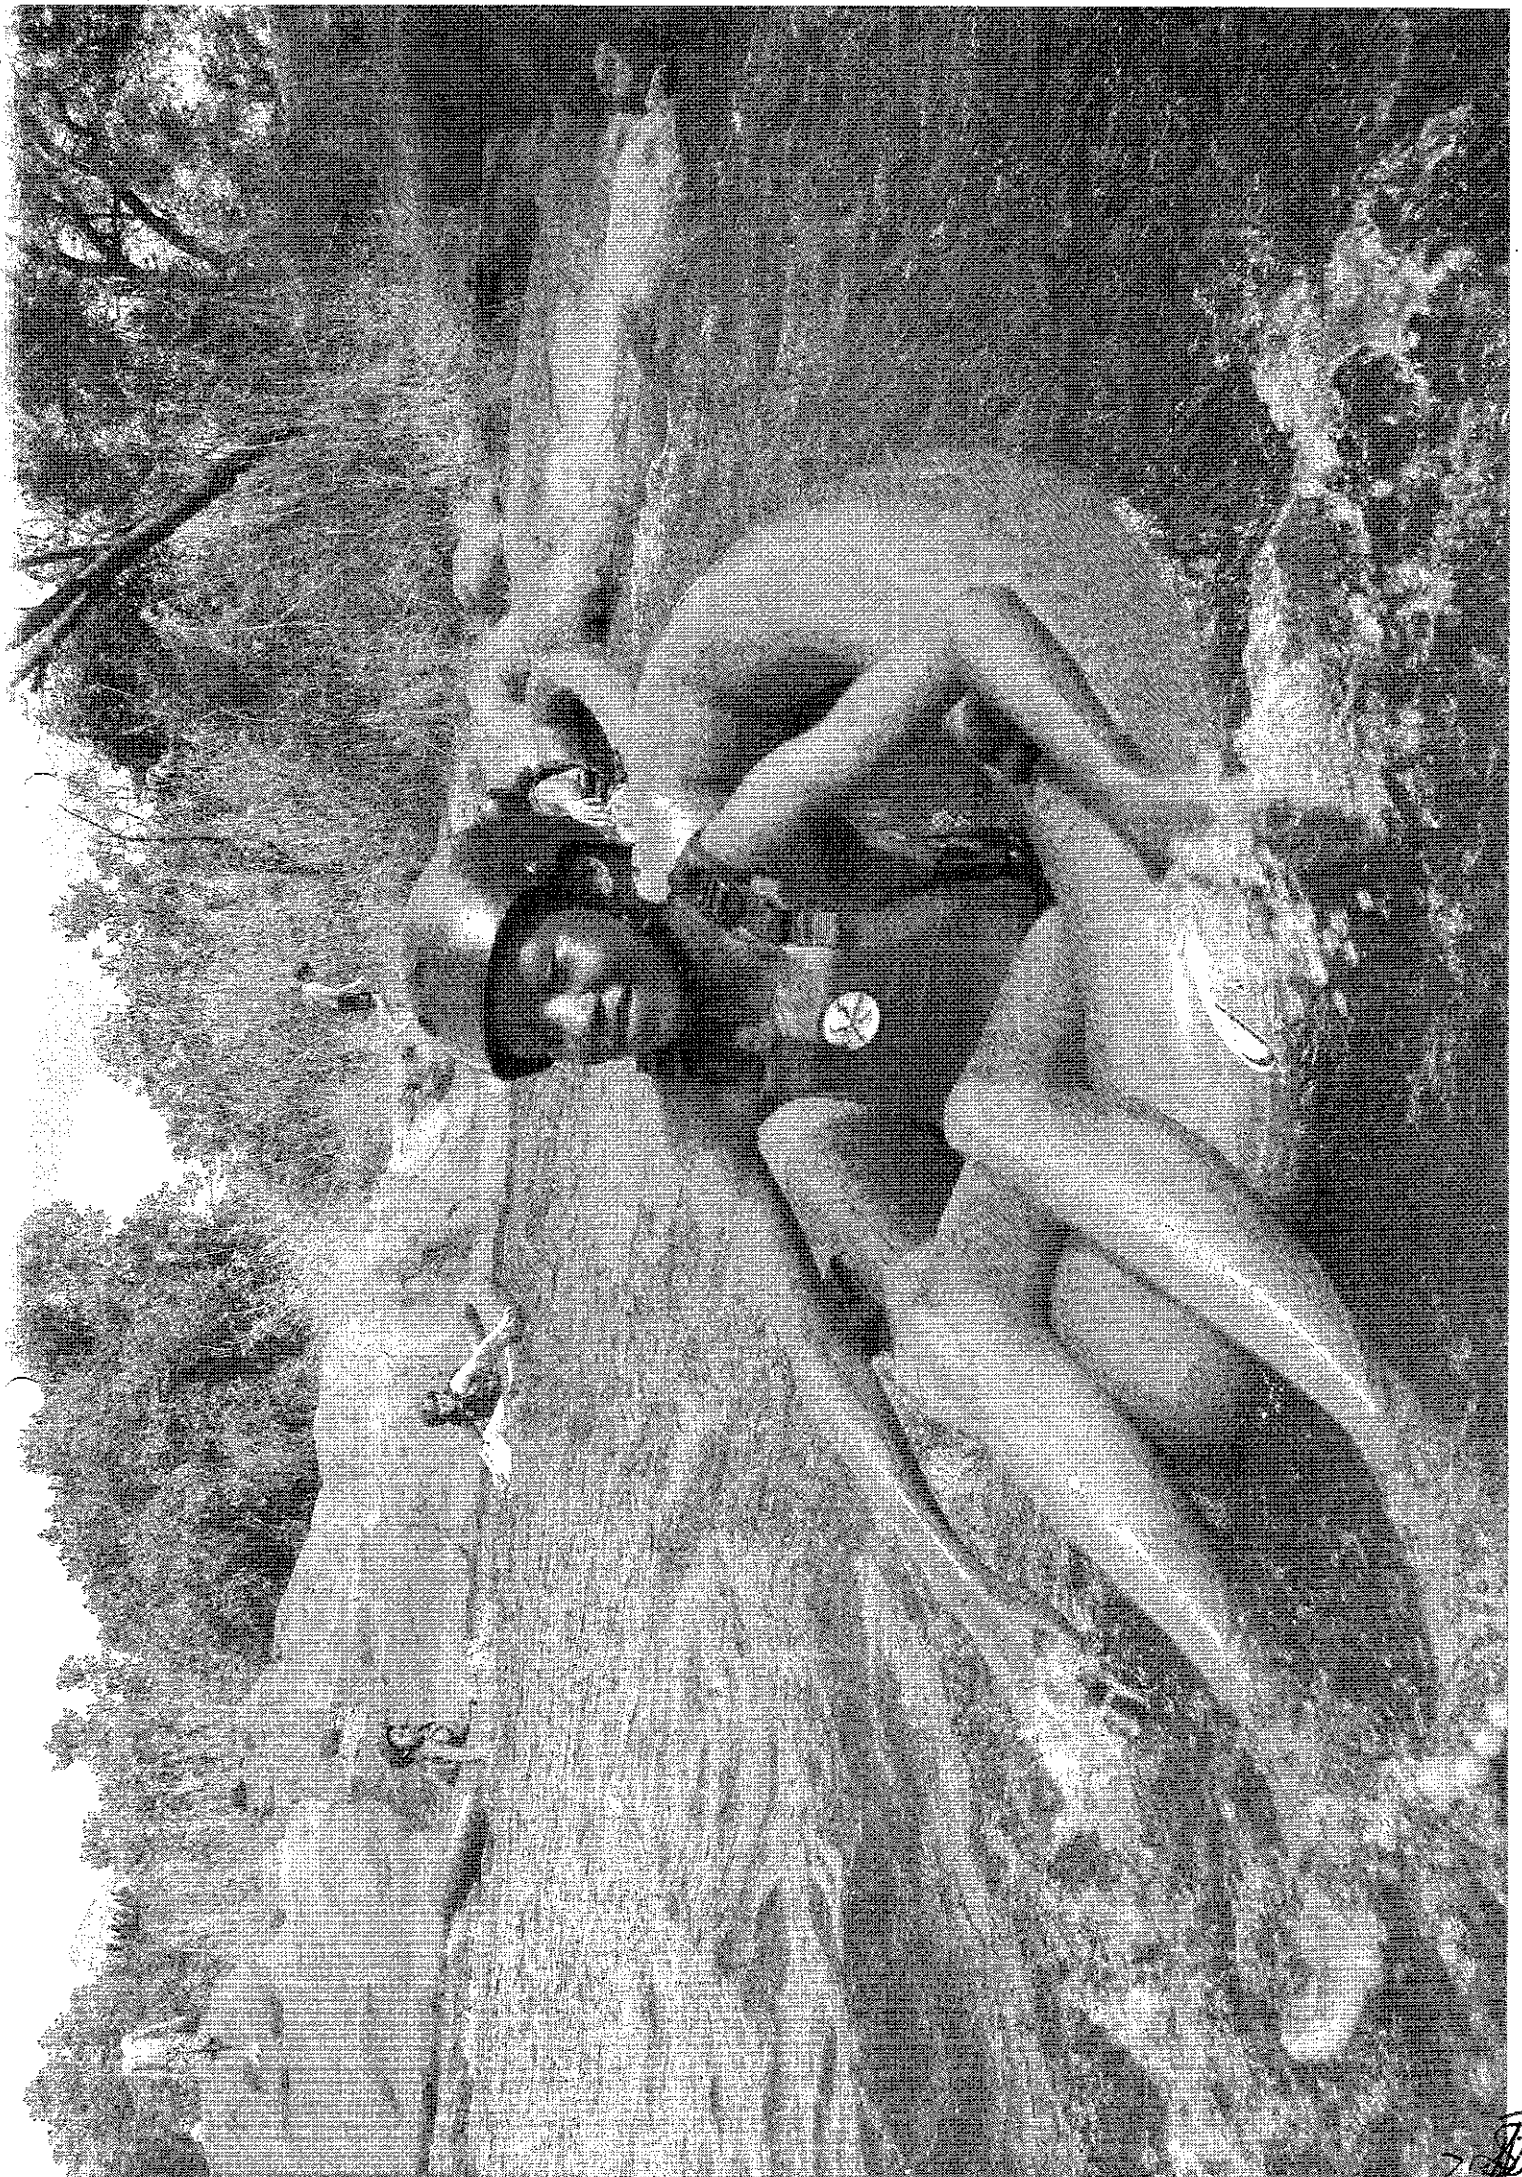

Regards,

Subject: Adventure Activities

Blyde Adventure Camp has been providing various adventure activities for more than 12 years to the youth travel industry. We pride ourselves on our high safety standards and record.

All activities (land and water based) at the Blyde Adventure Camp is supervised by our own staff who have years of experience in running adventure based experiential learning experiences for children and adults. All relevant safety equipment is supplied by us for participants during activity sessions; such as Guides, PFD's (personal flotation devices), helmets and ARK Geckos (specialized river inflatable) as an example for the rafting/tubing activity. PFD's are also always available during any of the water activities for participants to use and all participants who are not strong swimmers are required to use PFD's during water activities where the depth is more than 1m.

Large tour groups (30+) are divided into smaller groups for activities for safety and fun. All groups are under constant direct supervision from arrival up until departure by a camp facilitator. Group numbers are monitored before and after activities. The learners in the groups are also split into a buddy system at the start of their tour to help with ensuring that everyone is present at all time.

Blyde Adventure Camp facilitation staff all has several years of experience in the outdoor and youth adventure industry. All are First Aid qualified and have done River and Swift water Rescue training on the African Paddling Association (APA) standards. Blyde Adventure Camp is an APA Operating member our Operations Manager is an APA Un-Restricted Trip Leader is part of the APA Instructors Council and oversees all river and adventure activities.

Blyde Adventure Camp is also a member of Hoedspruit Medical Rescue a private 24hr ER service member # THHMR046.

Please do not hesitate to contact me if you have any further questions.

Regards,

Deon J Breytenbach.

February 2020

Subject: Indemnity

The Blyde Adventure camp Indemnity was drawn up by an external Law Firm, we therefore can not change the wording of the document. It is required of us by our insurers that the indemnity form is signed in person/on behalf of minors; by all persons participating in any program run by the Blyde Adventure Camp whether on our premises or any other location. The signing of the indemnity form does not wave the rights of participants to seek further retribution if participants feel that there was any negligent action. The signing of an indemnity is merely an acknowledgment by the signee that there is risk involved with the program. The activities run during the program have been specifically designed for children to ensure maximum safety and enjoyment. All activities are supervised by experienced and trained staff members once again to ensure safety and enjoyment of all participants.

So in short: participants in any of our activities or programs are required to sign an indemnity. This does not mean however that we don't look after your children. As explained above we are very serious about safety, and all activities are specifically worked out for kids to have as much fun as possible while being safely supervised by facilitators and/other trained staff. We also have medical backup services from Hoedspruit Medical Rescue and they provide our guests with a free call out service to our camp for any medical emergency.

Please do not hesitate to contact me directly if you have any questions in this regard.

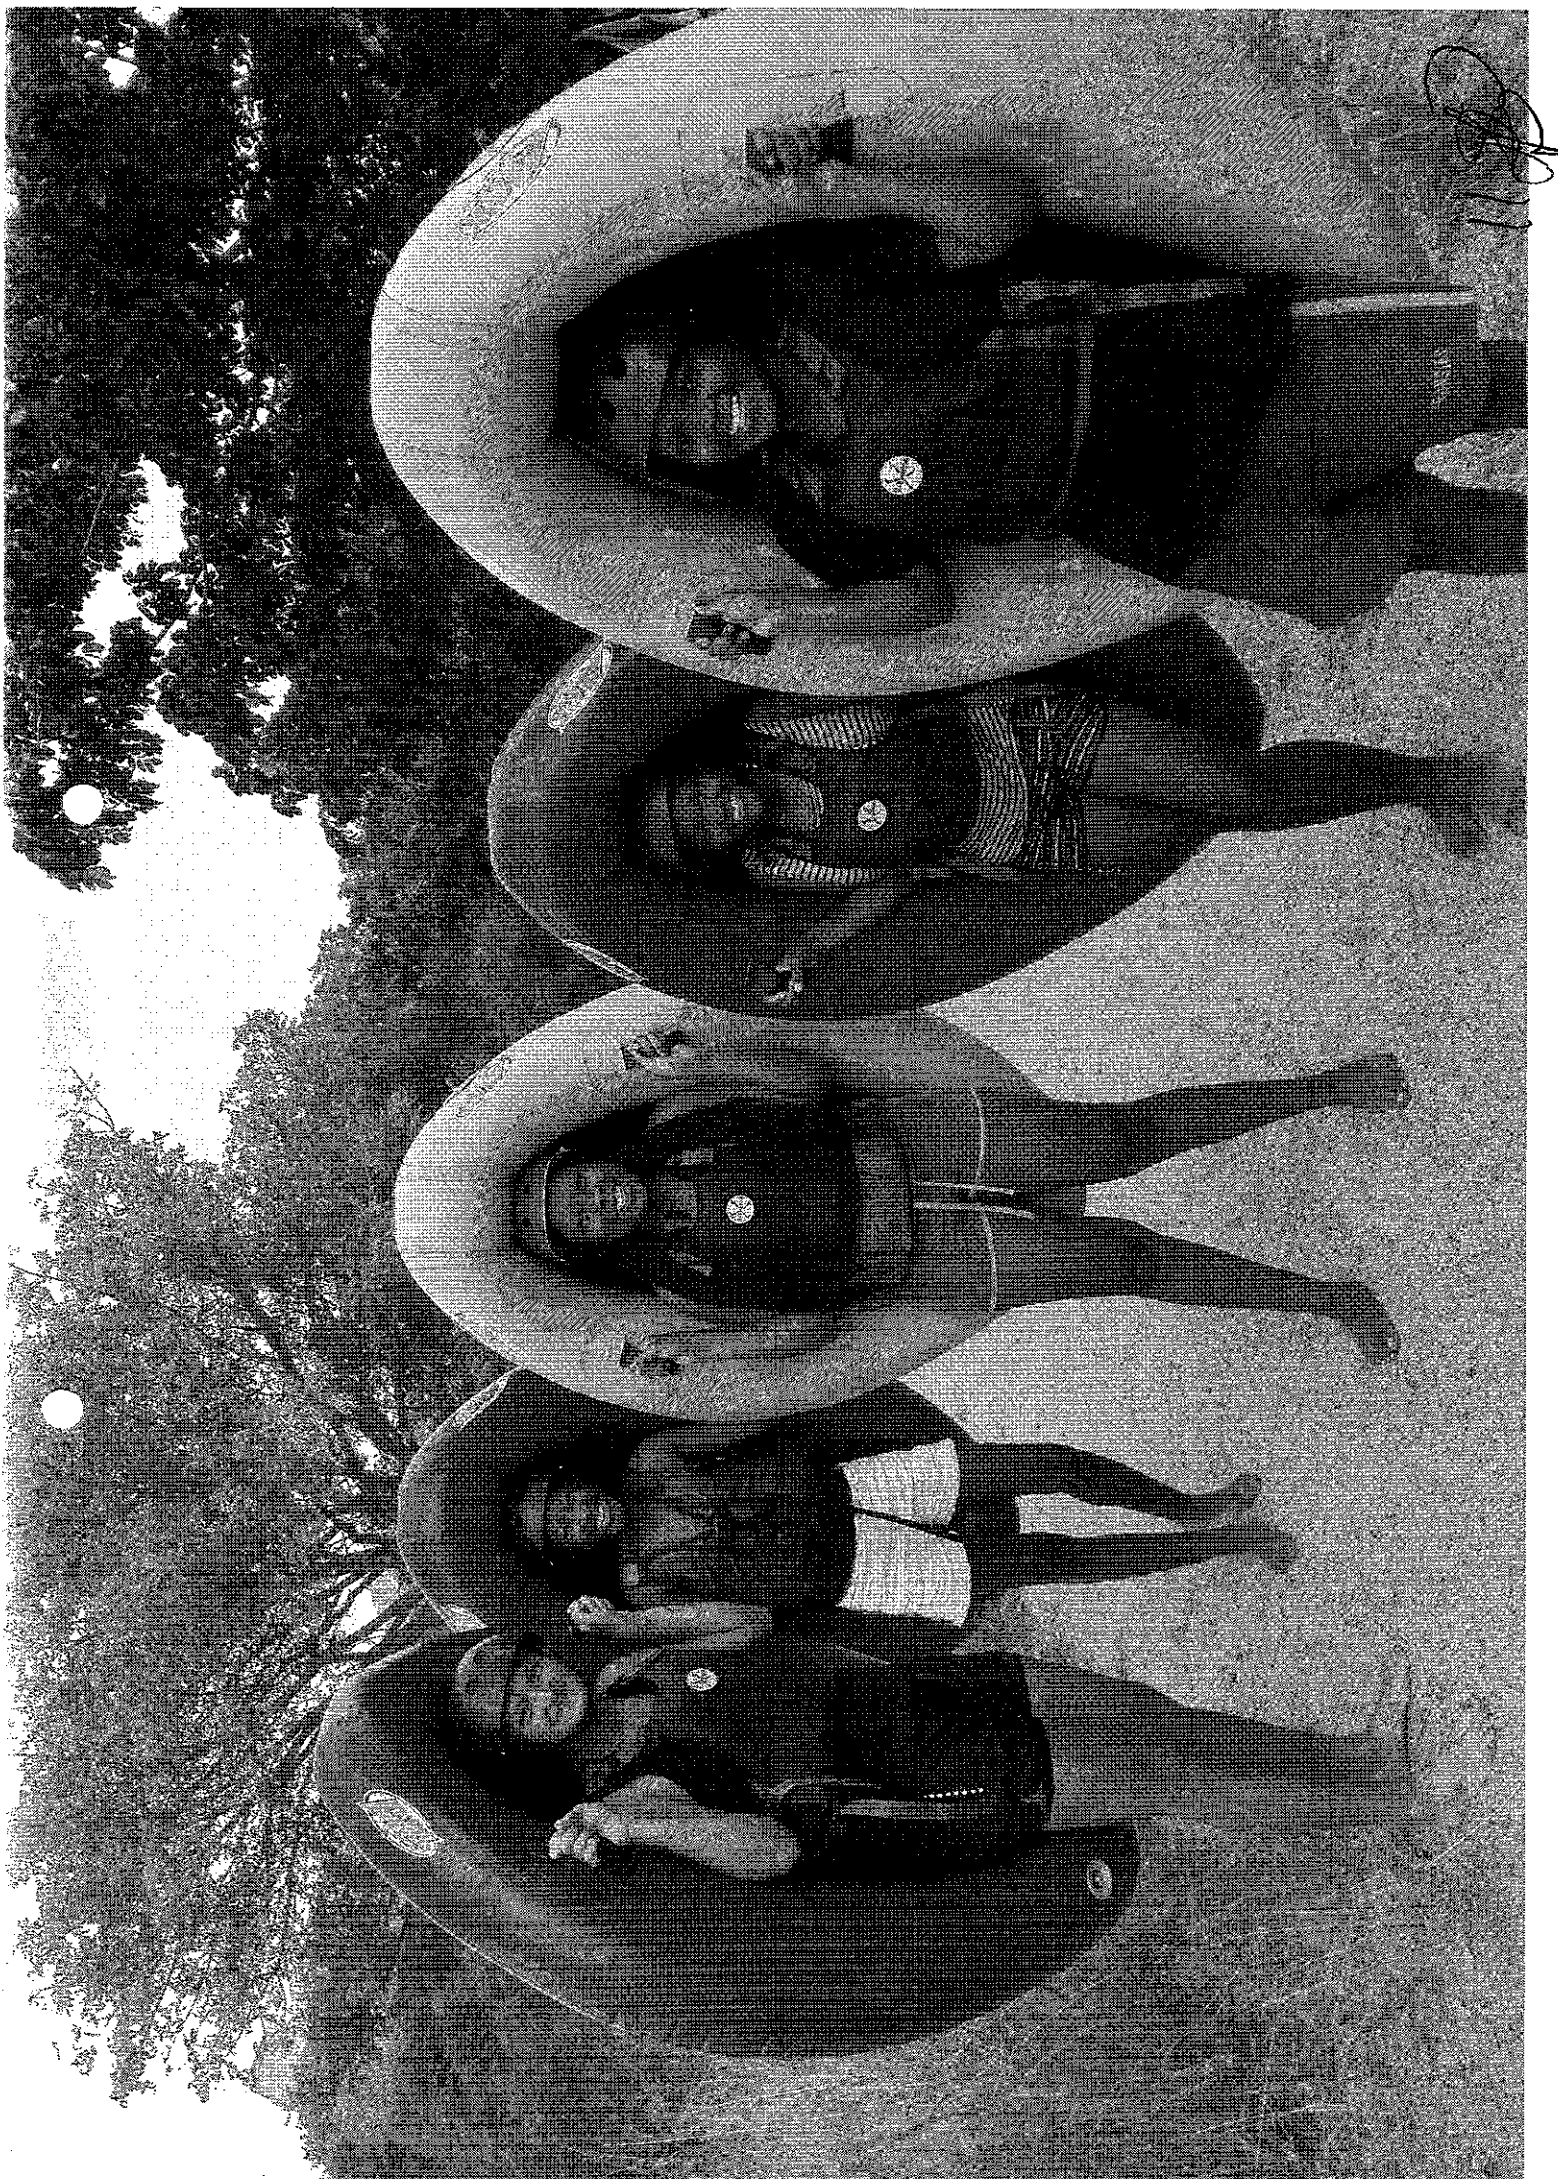

Please do not hesitate to contact me if you have any questions.

Regards,

Deon Breytenbach

17. Paintball: Played with kati's/slingshots and industry standard recreational paintballs. Participants are in teams and shoot each other with the paintballs. Participants are supplied with
18. Paintball target shooting: Played with kati's/slingshots and industry standard recreational paintballs. Participants shoot at stationary targets over distances of 3-15m.
19. Archery target shooting (junior bows 8lb&10lb bows): Participants shoot blunt tip arrows (practice arrows) at stationary targets over distances of 5-20m.
20. River crossing: Two static ropes suspended above the water, participants walk on the bottom and hold onto the top rope in order to cross the river. Participants land in the water if they fall off. Distance between participant and surface min 5-60cm, weak or non swimmer participants are provided with and required to use a pfd. Facilitator is in an inflatable raft to assist participants who fall into the river.)
21. Tarzan swing: Participants swing on a rope into the river. Depth 1.7-2.5m weak or non-swimming participants are given a pfd, facilitator present to assist participants who struggle.
22. Geckoeing/River Tubing: Participants use Ark Gecko tubes {specialized river craft} to navigate a +-350m section of river. Includes 3 sets of easy rapids {Grade 1-2}. Participants are fitted with and required to use industry standard helmets and pfd's. Participants are accompanied by min 3 guides on the river.
23. Sleep out in the open air bush camp: Participants sleep outside in the open veldt, this is in a fenced off area. Some antelope {bushbuck, kudu, impala, and duiker} and small mammals present.
24. Stalk the lantern: A game played in the evening. Participants are taken to a field where they have to slowly and quietly approach a light beacon to get as close to the beacon as possible. Participants are required to walk, crouch and stand still.
25. Night Line: Evening game. Participants are taken to a cut pathway in the bush. There is a rope running the length of the pathway. Participants are lined up next to the rope so that they can hold onto the rope and each other. After this they are blindfolded and have to slowly follow the rope along the length of the pathway.
26. Blanket Nukem: A volley ball style game where participants are paired two by two. Using a blanket or towel the participants catch and throw a volley ball over a volley ball net.
27. Invasive plant control/monitoring: Groups participate in clearing out of alien invasive plants in the forest. Participants supply their own PPE (gloves) and assist by removing and counting young invasive plants such as *Lantana Camara* and *syringa Melia azedarach*.
28. Cooking competitions: Participants cook "potjiekos" over an open fire. Participants are supplied with ingredients, standard kitchen utensils and a no3 three legged cast iron pot. With which they cook over an open fire. Participants cook "stick bread" over an open fire. Participants are supplied with dough and a 1,5m long reed. The dough is wrapped around the reed and then cooked over open coals.
29. Full and Self cater accommodation.
